

Your help is urgently needed!

Submit updates or corrections and receive a FREE timetable.

Altamont Press is currently working on a new timetable for release in March 2010. The timetable will cover Nevada, Utah, Wyoming, Colorado, and Nebraska.

GET A FREE TIMETABLE !

Send us information or corrections we don't already have, and we'll send you a free timetable. The retail price of this timetable will be between \$25 and \$30, so this is an excellent opportunity to help out and receive something of value in return. **No submission is too small to qualify.** However, if the information is something we cannot use, or already have, we won't be able to send you a free timetable. Thank you for understanding.

Although help is needed with every section of the timetable, we especially need help with:

- **SHORTLINES** - Employee timetables, radio frequencies, locomotive rosters, etc.
- **RADIO FREQUENCIES** - Yard, road, switching, or mechanical department channels, dispatcher links, repeater or PBX systems in service, and any other special use frequencies.
- **CORRECTIONS or INFORMATION LEFT OUT** - In previous timetables, have we forgotten anything? Have we forgotten to include tunnels, wyes, crossovers, trackage rights, passenger trains, etc?

IMPORTANT:

The deadline for submissions is January 25, 2010.
